PARIS CLUB CREDITORS CANCEL 100% OF HAITI’S DEBT

The representatives of the Paris Club creditor countries and of the Republic of Haiti agreed on 8 July 2009 on a debt cancellation following Haiti’s having reached its Completion Point under the enhanced initiative for the Heavily Indebted Poor Countries (enhanced HIPC Initiative) on 30 June 2009.

As a contribution to restoring the Republic of Haiti’s debt sustainability, Paris Club creditors decided to cancel USD 62.73 million, which represents the Paris Club’s share of the effort in the framework of the enhanced HIPC Initiative. Creditors welcome and support the Republic of Haiti’s commitment to seek comparable treatment from all their other external creditors (including other creditor countries).

Paris Club creditors also committed on a bilateral and voluntary basis to cancel an additional USD 152 million.

As a result of this agreement and additional bilateral efforts, the Republic of Haiti’s debt to Paris Club creditors will be entirely cancelled.

Paris Club creditors welcomed the Republic of Haiti’s determination to implement a comprehensive poverty reduction strategy and an ambitious economic programme providing the basis for sustainable economic growth in the context of a difficult global economic environment.

The Republic of Haiti committed to allocate the resources freed by the present debt cancellation to priority areas identified in the country’s poverty reduction strategy.
